

*artful restrooms from people who care*

The **Porta Lisa** family of products from JAG Mobile Solutions offers a simple, compact solution to your mobile restroom needs. They feature spacious, separate restrooms, each with their own private entrance. Inside, guests will appreciate tasteful interior finishes, flushing china toilets, sinks with running water, full vanities, and powered vents.

**Porta Lisa** and **Porta Lisa Plus** units are available in two, three, and four station models. They are compact, easy to tow, and even easier to operate. Each

**Porta Lisa** mobile restroom features a high capacity waste tank, onboard fresh water tank with pump, exclusive "Super Chute"

integrated trash systems, full size back-up battery, Occupied/Unoccupied Lights over the doors, and retractable steps. All **Porta Lisa** and **Porta Lisa Plus** restrooms are available with an industry-leading solar package that allows them to operate for an entire event free from a dedicated power source or noisy generator.

Simply put, there is a **Porta Lisa** to handle any outdoor event ranging in size from four to four hundred guests. From the event site to the job site, **Porta Lisa** can handle it with ease.
