

FOR IMMEDIATE RELEASE

Porta-Lisa Family Expands with Addition of Porta-Lisa Plus

Howe, IN – Recently released at the Portable Sanitation Association International (PSAI) Trade Show in Tacoma, Washington, the Porta-Lisa Plus is the newest mobile restroom trailer in the JAG Mobile Solutions family of trailers. The Porta-Lisa Plus is a compact 12' x 7' that features 3 spacious private restrooms, air conditioning, flushing toilets, 156 gallons of onboard running water and a 470 gallon capacity waste tank.

The Porta-Lisa Plus is affordable and comes with an extensive list of options. The patent-pending “Super Chute” function allows trash to be directed to the service area and consolidated in a central location for remote removal as opposed to accumulating inside of the trailer. With the solar power option, the Porta-Lisa Plus can run all day without recharge. The Porta-Lisa Plus is available in with a variety of interiors: economical and durable, Industrial, streamlined simplicity as a Functional unit or stylish elegance as a Fantastic unit. No other restroom trailer on the market rivals the Porta-Lisa Plus in value or accommodations!

Porta-Lisa Plus is produced alongside a complete line of quality shower and restroom trailers at the JAG Mobile Solutions manufacturing facility located at: 0770 East State Road 120, Howe, Indiana 46746.
